Help

Natural resources are materials in the environment that people can use to fulfill a purpose. Examples of natural resources include water, wood, petroleum, and natural gas. Due to the scarcity of many natural resources, many organizations and groups around the world work to reduce waste of natural resources and to ensure that using certain resources does not harm the environment.

Hide

FAST FACTS

- Earth may be covered in water, but only about 2.5 percent of that water is freshwater suitable for drinking.
- Experts are uncertain about when humans will deplete the remaining fossil fuels.

Coronavirus disease 2019 (COVID-19) is a viral disease leading to respiratory illness in people who are exposed to it. This illness can be mild to severe. COVID-19 is a member of the coronavirus family of viruses. COVID-19 first appeared in Wuhan, China, in late 2019 and quickly spread to other parts of the world over the next few months. The global COVID-19 outbreak was declared a pandemic in March 2020. The rapid spread of the disease threatened the stability of worldwide healthcare systems. Countries across the world have taken dramatic measures to help slow the spread of the virus. These measures were meant to ensure that healthcare systems were not overwhelmed. Some preventative actions included strict quarantine rules among citizens. Countries also urged people to follow social distancing practices.

The screenshot displays a web browser window with the URL `go.galegroup.com/ps/translatepopup.do?sort=DA-SORT&docLevel=&tabID=T003&prodId=ITOF&searchId=R10...`. The browser's address bar shows the page is in Spanish and offers a translation option. The main content area displays a document titled "Los líderes de la tensión del panel de la inteligencia de la casa necesitan para la legislación cibernética" by Paul Kirby, sourced from the "Cybersecurity Policy Report" (Sept. 22, 2014). The document type is listed as "Article". The copyright notice states "COPYRIGHT 2014 Aspen Publishers, Inc." with a link to <http://www.aspenpubl.com>. A "Texto completo:" section begins with the text: "El presidente y el miembro de la graduación del comité selecto de la permanente de la casa sobre inteligencia esta semana subrayaron la necesidad del congreso de aprobar la legislación cibernética en la sesión del presidente saliente después de la elección de noviembre que permite acceso a la información en amenazas." Below this, a quote from Mike Rogers (R., Mich.) is shown: "Creo que tenemos una ventana corta para conseguir esto hecha en presidente saliente," representante. Mike Rogers (R., Mich.), el presidente del panel, dijo durante un aspecto en la cumbre de la inteligencia y de la seguridad nacional en Washington. "Si no conseguimos esta cuenta hecha en presidente saliente este año, el". The English translation of the quote is provided below: "The chairman and ranking member of the House Permanent Select Committee on Intelligence this week stressed the need for Congress to pass cyber legislation in the lame duck session after the November election that allows information-sharing on threats." A second quote from Rep. Mike Rogers is also shown: "I do believe we have a short window to get this done in lame duck," Rep. Mike Rogers (R., Mich.), the panel's chairman, said during an appearance at the Intelligence and National Security Summit in Washington. "If we don't get this bill done in lame duck this year, the whole process starts over. And I guarantee you that it will take another two years to get it done."

On the right side of the page, a "Tools" menu is visible, including options like "View PDF pages", "Print", "E-mail", "Download", "Download MP3", "Highlights and Notes (0)", "Citation Tools", "Bookmark this Document", and "Share". A "Document Translation" section at the bottom of the menu shows a dropdown set to "Spanish" and a "Translate" button.

Introduction

© Jeffrey L. Rotman

The fast-swimming **fish** known as sharks are among the oldest living things. They have remained essentially the same since the modern sharks first appeared. Fossil records indicate that the first sharks appeared more than 400 million years ago. By about 200 million to 175 million years ago, the first modern sharks had evolved. Today there are more than 400 living species of sharks. They belong to the class Chondrichthyes, which consists of fish that have a skeleton of cartilage instead of bone. Sharks, together with **skates and rays**, make up the subclass Elasmobranchii. Within that subclass, sharks

Teaching Books

The image shows the header and banner of the TeachingBooks website. The header is a red bar with a white navigation menu. The menu includes a hamburger menu icon, the TeachingBooks logo, a search bar with the placeholder text "Search by title, author, or keyword", a barcode icon, and three links: "Browse", "Instruct", and "Help". The "Instruct" link is circled in red. Below the header is a large banner image. The banner features a stylized illustration of a hand holding a magnifying glass over a path in a forest. The path is made of grey stones and is surrounded by green grass and trees. In the background, a child is riding a bicycle. The banner also contains several semi-transparent blue circles. Overlaid on the bottom right of the banner is a white text box with the text "An engaging collection of resources that brings books to life." Below this text box is a smaller line of text: "TexQuest Training Account — Welcome to TeachingBooks".

DESCRIPTION

Directed and produced by seven-time Emmy® Award winner Amy Schatz, and featuring animation from award winning artist Jeff Scher, this 19-minute documentary shines a light on the tender relationship between an inquisitive American boy and his great-grandfather, a Polish-born Jew who lost both his parents to the Nazis, but was able to survive Auschwitz and make his way to America at the end of WWII. When 10-year-old Elliott asks his 90-year-old great-grandfather Jack about the number tattooed on his arm, the boy's question sparks an intimate conversation about Jack's life that embraces happy memories of childhood in Poland, the loss of his family, surviving the

ChalkDust

The screenshot shows a web browser window with multiple tabs. The active tab is 'TexQuest ChalkDUST | Texas State Library and Archives Commission'. The URL bar shows 'https://www.tsl.texas.gov/texquest/chalkdust/'. The page header includes the Texas State Library and Archives Commission logo, navigation links (CONTACT US | VISIT US | ABOUT US), and social media icons. A search bar is present with the text 'Search the TSLAC Site'. Below the header is a navigation bar with links: Archives & Reference, Services for Libraries, Talking Book Program, and Records Management. The main content area features the 'ChalkDUST' title and the 'TEXQuest' logo. A description states: 'ChalkDUST is a statistics reporting tool for the TexQuest Databases Program.' Below this is a 'Create ChalkDust Report' form. The form has two main sections: 'Select your report type (*Required Select One)' and 'Choose School Year (*Required Select One)'. The first section contains four radio button options: 'Campus-level Report: (9-digit campus ID)', 'District-level Report: (6-digit district ID)', 'County-level Report: (Select a County)', and 'Region-level ESC Report: (1-20)'. Each option has a corresponding input field or dropdown menu. The second section, 'Choose School Year', is partially visible at the bottom of the form.

- The TexQuest statistics reporting tool has a new look and URL at <https://www.tsl.Texas.gov/texquest/chalkdust>
- Read about new School Year 2020 statistics in the ChalkDUST FAQ
- The previous month's TexQuest usage data are now available after agency IT staff test and post them, usually by the middle of the next month

Coronavirus Updated!

OVERVIEW

Coronavirus - emergency hospital beds

Coronaviruses (abbreviated CoVs) are a family of enveloped, positive-sense single-stranded RNA viruses that infect both humans and animals. Coronaviruses got their name because their outer proteins look like a crown ("corona" means crown in Latin). There are four main subgroups of coronaviruses: alpha, beta, gamma, and delta.

Coronaviruses that can infect humans (called human coronaviruses) were first identified in the mid-1960s. There are seven known human coronaviruses: four common types—229E, NL63, OC43, and HKU1—and three severe types—Middle East respiratory syndrome (MERS)-CoV; severe acute respiratory syndrome (SARS)-CoV; and the 2019 novel coronavirus (SARS-CoV-2), which causes coronavirus disease 2019 (COVID-19). Infection with the four common coronaviruses is common worldwide, especially in young children and during cold and flu season.

Most viruses in...

Novel Coronavirus (COVID-19): Authoritative and Relevant Resources

There has been a great deal of coverage and discussion around the novel coronavirus (COVID-19) pandemic. News, data and research about COVID-19 is emerging daily from a variety of sources and it can be difficult to know where to find the most up-to-date, evidence-based information.

ProQuest is monitoring the global health situation to ensure the health and safety of our staff, as well as our customers, publishers, and the vendors who interact with us ([see](#)

2018 - 2019 Participation Summary Report for Austin ISD

TexQuest is the Texas State Library and Archives Commission's electronic instructional resources program for schools. It is supported by the Texas Legislature and by participation fees paid by school districts and open enrollment charter schools.

Your District's Fiscal Year 2020 estimated TexQuest Program Participation Fee: \$21,608.64
No more than 27 cents per student based on your 2018 enrollment as reported on [AskTED](#): 80,032

Your Fiscal Year 2020 Invoice will arrive in September 2019.

An Estimated Retail Value of TexQuest Resources:

\$2,240,896.00*

*Sum of vendor-provided prices for your district, minus your participation fee. Based on approximately \$28 per student in retail resources.

817 or 68% of School Districts and Open Enrollment Charter Schools participate in TexQuest, serving 5,084,576 or 94% of Texas students!

New Resources Added to TexQuest recently:

This publication was made possible by a grant from the Institute of Museum and Library Services, LS-00-15-0044-15.

TexShare Value Report

for
Austin Public Library

Austin, TX

Report date: July 2018

About TexShare

TexShare is a consortium of Texas libraries joining together to share print and electronic materials, purchase online resources, and leverage local support and expertise for the benefit of all Texans.

How many libraries are members of the TexShare Consortium?

Public colleges and universities:	36
Independent colleges and universities:	45
Community and Junior Colleges:	61
Medical Libraries:	16
Public Libraries:	516
Affiliate Members:	4

30 Years of TexShare

TexShare was founded in 1988 by 53 public colleges and universities. Independent colleges and universities and community colleges joined in 1997, public libraries in 1999, and libraries of clinical medicine in 2001.

What Electronic Resources are available with TexShare support?

Retail cost of the TexShare Databases for your library if purchased separately

(Sum of 2018 vendor-provided full retail prices without TexShare discount)

\$722,303

FY2019 TexShare Fee*

\$35,968

**FY2019 invoices will be distributed August 2018*

The TexShare Databases Program allows libraries to provide authoritative and ad-free electronic articles, books, tutorials, and other resources to their patrons 24/7. The TexShare Databases are licensed for the exclusive use of TexShare libraries and their patrons.

TexShare Databases Core FY19: 52 full-text e-resources

- 10 General Reference
- 5 Business Resources
- 1 Career and Job Skills Resources
- 4 Do-It-Yourself Resources
- 3 Genealogy and History
- 9 Health and Medicine
- 7 Homework and Education
- 2 Legal Resources
- 5 Literature Resources
- 6 Science and Technology
- 11 Indexes and Abstracts
- 6 Spanish Language Resources

The TexShare Databases Program is funded in part by a grant from the U. S. Institute of Museum and Library Services to the Texas State Library and Archives Commission.

How does TexShare support sharing of books and physical resources?

TexShare Cards provide library patrons with the privilege of visiting **526** public, academic, and medical libraries throughout the State of Texas to borrow books and other physical materials not available at their home libraries. In FY2017, over **470,000** items were circulated through the TexShare Card program.

The TexShare Card program complements traditional Inter-Library Loan. The Texas State Library and Archives Commission's **Navigator ILL** program for public libraries supplied over 160,000 books, articles, and other items to Texas library patrons in FY2017.

To further support Inter-Library Loan, TexShare provides subsidies for 5-day, 3-day, or 2-day a week courier service to participating libraries throughout Texas through the **TEXPRESS Courier**, allowing libraries to reduce their postage and shipping fees.

Participation Summary FY18:

TexShare Databases	Yes
TexShare Card Program	Yes
Navigator ILL Program	Live
TEXPRESS Subsidy	Yes
